

Now you can dispose of your waste whenever you want!

Since mid-April, a series of new computerized fixed recycling centers have been installed in various locations to serve the area where you live. In addition to the card needed to access them, the letter contains a map showing the centers dedicated to you.

The Ecoisole are coming!

What are the Ecoisole?

Fixed Ecoislands are computerized collection points for correctly sorted waste, open 24 hours a day, ensuring a clean, orderly, and traceable process.

The doors can only be opened with your personal magnetic card. The system recognizes your code and records your deposits, improving the service and maintaining urban decorum.

What will I find?

At the Computerized Recycling Center, you can drop off the following items every day:

PAPER AND CARDBOARD

Without any bag, reducing the volume as much as possible

PLASTIC AND ALUMINUM

In the yellow bag provided, reducing the volume as much as possible

ORGANIC WASTE

In a biodegradable or compostable bag

DRY WASTE

In the gray bag provided

...AND GLASS?

This must continue to be disposed of in street containers without any calendar restrictions
